Re: Notice of Ex Parte Presentation – In re: Lifeline and Link Up Reform and Modernization; Federal-State Joint Board on Universal Service; Lifeline and Link Up; WC Docket Nos. 11-42, 03-109 and CC Docket No. 96-45

Dear Ms. Dortch:

On Tuesday, May 17, 2011, Denise N. Smith and the undersigned, both of Kelley Drye & Warren LLP, and on behalf of Reunion Communications, Inc. (“Reunion Communications”), met with Beau Finley of the Wireline Competition Bureau to discuss the proposal, contained in the March 4, 2011 Notice of Proposed Rulemaking in the above-captioned proceeding, to eliminate reimbursement for Toll Limitation Services (“TLS”). During the meeting, we discussed Reunion Communications’ opposition to the Commission’s proposed elimination of Lifeline reimbursement for TLS and our client’s support for the alternative of establishing a cap for non-recurring and monthly recurring TLS reimbursement amounts. In particular, we explained that review of TLS reimbursement level caps after a five-year period would be prudent and that it would be difficult for phase-down and phase-out proposals to reflect marketplace realities. Our discussion was consistent with the positions taken in Reunion Communications’ comments, reply comments and prior ex parte presentations filed in the above-captioned dockets.
